### ***Reasons for Allowance***

1. The following is an examiner's statement of reasons for allowance: the closest prior art of record (Mori, U.S. Patent No. 6,678,839 B2) does not teach nor suggest in detail *method of isolating faulty links in a loop in a network, comprising:*

*testing a link between a last device and an initiator in the loop;*

*testing the loop between the initiator and the last device; and*

*if a faulty link is identified between the initiator and the last device,*

*selecting a first device located in the loop between the initiator and the last device, wherein at least one other device is located between the initiator and the first device;*

*testing the first device;*

*determining whether the faulty link lies between the initiator and the first device based on results of the testing of the first device; and*

*repeating, until the faulty link has been isolated, the steps of (a) selecting*

*a new test device located in a portion of the loop in which the faulty link lies and (b)*

*testing the new test device.. in combination with all the elements of each independent*

*claim as argued by Applicant (see page 2 of applicant's argument dated July 4, 2005 as*

*well as the enabling portions of Applicant's specification, pages 5-9; fig. 4 a-c). So as*

*indicated by the above statements, Applicant's arguments have been considered*

*persuasive, in light of the claim limitations, the enabling portions of the specification, as*

*well as the preferred embodiment of the claimed invention.*

2. The dependent claims further limit the independent claims and are considered allowable on the same basis as the independent claims as well as for the further limitations set forth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. **Claims 1-49, 51, 52, 55 and 56** are allowed. Renumbered 1-53.
